## **Fantasy Grounds - Devin Night Token Pack 118: Fantastical Far East 2 (Token Pack) [Win/Mac]**

### **What's new:**

**One of the Fantasy Grounds series of token packs is a double-sized resource for the far east called Fantastical Far East 2 (also known as Fantasy Grounds: Far East 2). In this article, we're going to take a look at the second Token Pack in the series. The first one is Asia 2 (Fantasy Grounds: Asia 2). Each resource is an expansion to the base Fantasy Grounds Player's guide, and each resource is offered for free, as previously mentioned. This pack includes dungeons, locations, monsters, weapons, magic, locations, traps, and spells (more new functionality than any of the first pack yet). They're here to give you everything you need to run an Oriental-themed campaign. "Can't afford them, but need them? Take them with you to meet the requirements of DMsGuild's new IAP-style pricing structure." (Pictured above: the Fantastical Far East 2 Token Pack, as it's ready to go on your GM's D&D 5e PC.) This pack of tokens includes everything you need to run an Oriental-themed campaign. It includes 12 locations, including 9 districts and 3 cities. It includes 30 monsters, and a full variety of items and creatures. It includes 4 dungeons, many 3rd-party (and frequently Oriental) accessories, 1 explosive NPC, 1 explosive encounter, 3 new magical items, and a variety of locations. Not to mention it includes brand-new spells, too! Rating A very high rating,**

---

here. I'd give it a 9.0/10. This pack has a ton of content, and if you need anything, it's all here. A lot of the items included are backed by.pdf printables. If you don't want to wait for the tokens to print, it's easy enough to print and collate them yourself. Here's a tool called PDF Extreme that makes that pretty easy. It won't allow you to edit the output, but that's what the PDF goes back into Fantasy Grounds for. Devin Night is easily the fastest of the fantastic rogues, with his speed often serving as an even greater asset than his unarmed attacks. Innate Abilities: Cain starts each turn with Acrobatics: Navigation 3, Stealth, and Streetwise. Steely Reflexes is the second ability he gets at bonus. He retains Dexterity, Wisdom, and Charisma as his base abilities. Sinister Strike is Cain's third
