QuickBooks Point Of Sale V8.0 MultiStore BEAST R6.SUPERIOR, Wis., Dec. 13, 2016 -- A piece of the proposed Keystone XL pipeline path would go through the Park Falls area of the city of Superior, which has received a $2 million grant from the Economic Development Board to contribute to a state-level effort to preserve the integrity of the city and the area for future generations. The city will work with the University of Wisconsin-Superior, UW-Madison and other state agencies to study the environmental impacts of proposed drilling. It was announced on Dec. 1 that the state, through its Department of Natural Resources, had awarded $2 million in grants to 14 cities. In addition to providing funds, a team of researchers from the Superior campus will be dispatched to conduct an environmental assessment, complete an inventory of watersheds and natural communities, and start creating a management strategy for the area, according to a statement from the city. Park Falls, also known as Superior's City of Homes, is located about 27 miles south of the Twin Cities, in the Black River Valley on the shores of the Bayfield-Superior area.Q: How to fix Na 0cc13bf012
