I expected the string to be changed as well. I haven't found anything about this. A: MD5 doesn't work like that. If you convert the first String to a byte[] first, then you get something else: String s = "abc"; System.out.println(new Big

It's easy to see what Reddit did right. In March, it underwent a search engine makeover, launched its own site-wide ad platform and went public. Its debut could mean good news for investors and advertising dollars alike.A second Amendment lawsuit against the state is gearing up to hit the courthouse, a possible sign that the Massachusetts Supreme Judicial Court (SJC) is about to take a stronger stance on gun rights than it did in the landmark case of Heller v. DC. We told you earlier this week that lawyers for the plaintiffs in Semple v. Town of Weston had filed a petition to appeal the dismissal of their lawsuit. Of course, that's not the final step. That petition is just one of the procedural hurdles that must be cleared before the appeal can go forward. The good news, if you're a Second Amendment supporter, is that a petition will be accepted if it's accompanied by at least 10 pages of arguments to the SJC. The SJC has even created a page for Second Amendment supporters to provide sample briefs, and there are some things we can learn from it. For example, one of the three briefs provided there is
