There is so much that we wanted to do, and we finally have the opportunity to bring it to life. Our team is made up of talented professionals from all around the world, and this is a dream come true for us. We took a new direction with this mod and are excited to share it with the community. If you enjoyed what you played in Black Mesa that is a really special feeling for us. We know that we made Half-Life 2 better, and we want everyone to know that. But it was still our dream to make it better, and we're not ready to give up on that yet. We believe that this is just the beginning. -Rat of Tobruk- A black soldier in the war against tyranny. He and others like him are known as troopers. We created this high-speed response unit for L.A. police, government, and military forces in situations requiring prompt, accurate, and effective response. The Tactical Robot Unit has the mobility and firepower to get the job done in a very short period of time. On top of that, it's actually cradle friendly and can fit into most normal kitchen or bathroom cabinets . The only thing it can't do is sleep.
