## License.bin Free Sibelius 7 \_BEST\_

I tried the offline approach and uploaded the bin file - error. Sibelius 7.x licensing is controlled by the Avid License Control application. When installing Sibelius, this application must be closed. You can use the sysinfo.exe program that comes with Windows to do this. To use the sysinfo.exe program, you must run it with administrator rights. The program will display on your computer a list of all products installed in the system. Run Sibelius through sysinfo.exe to see if Avid License Control is among them. If not, don't worry.
